

Request for Pesticide Notification
Sagaponack Common School

I understand that the school will register my name so I will receive 48 hours-prior notification of pesticides applications within the facility. I would like to be notified. Please note that not all pesticide application is required to be prior notified. The following pesticide applications shall not be subject to prior notification requirements:

- Antimicrobial pesticides and products as defined by FIFRA
- Aerosol products with a directed spray in containers of less than 18 fluid ounces, used to protect individuals from an imminent threat from stinging and biting insects. Fogging is not exempt.
- Applications where the school facility remains unoccupied for a continuous 72-hour period following pesticide application.
- Silica gels, and other non-volatile ready-to-use paste, foam, or gel insecticide in areas inaccessible to children.
- Non-volatile insecticides or rodenticidal baits in tamper-resistant bait stations in areas inaccessible to children.
- US EPA exempt materials under 40 CFR 152.25.
- Boric acid and Disodium Octaborate Tetrahydrate.
- An emergency application due to an imminent threat to human health. Notification to the Commissioner of health is required.

All notification will be VIA US MAIL ONLY
